President's Corner— Today's Guest Editorial By Chris Hovendon

President-Elect
Chris Hovendon

Fellowship...you hear this word often in Rotary. Whether you look at the primary definition of a community of interest, activity, feeling or experience; or if you use an alternate definition of a company of equals or friends, that is exactly what Rotary is! To be honest, it is the reason I agreed to be President-elect, to increase my fellowship within our amazing group. To go further into this community through a shared interest in helping those in need through our actions. Simple concepts, but when you truly evaluate them these can have life changing outcomes.

Whether we are coming together to ensure seniors in our community have a nice Thanksgiving meal, or making sure that our local students have adequate technology to tackle their education, our club is making a valuable contribution to those within our community! The positive benefits are not only for those on the receiving end, either. The fellowship created by working on shared interest creates a sense of community for which so many people are looking in today's world.

Let me remind everyone that our group is always finding ways to increase this fellowship by bringing in new members to join us on our journey. Having new members increases our club's ability to provide the amazing things to our community. It also helps increase our ability to view the world in a different light or perhaps, more simply, introduces us to another lifeline friend. Either way, I cannot see a negative by inviting someone you know to join our crew for breakfast on Wednesday mornings, can you?

Our 7:10 Family of Rotary Member—Dave DeMott

Take just a moment to find Dave and introduce yourself. He's probably sitting at the back table enjoying his morning coffee.

Dave joined the 7:10 Club two years ago and was sponsored by Mark Wilson. He was born in Wheat Ridge, CO. He graduated from Standley Lake High School and JeffCo Warren Tech. He then continued his education and received his degree at Westwood College. He and Vanessa have four children.

Dave is very involved with Westminster politics and is currently running for office. He is involved with his church, and is

Director of Neighbors of Countryside Community Organization, as well as being the President of Witt Elementary PTO. His interest is flag football and he has lots of fun coaching. Other favorites are Pietras Pizza, the musician Aaron Lewis, the song So Far Away from Staind, his dog Jake, Ronald Regan. Welcome to the Family of Rotary, Dave. It's good to have you as a part of the Westminster 7:10 Rotary Club.

Why Dictionaries are Important

A dictionary makes you smarter and helps you teach your friends, siblings and relatives new words.

Submitted by John Inman

Be kinder than necessary, for everyone you meet is fighting some kind of battle.

More Fun on the Mountain

Article and photos by Brian Hall

Recently Brian organized a trip to Rotary Peak. People in the Colorado Rotary world are trying to get the mountain named Rotary Peak as it is unnamed at this point.

A few 7:10 Rotary Club members met at Ciancio's to take a road trip up the mountain. It was a social event to see Rotary Peak. Those attending were Brian, Roberta and Kevin, hearty souls, all!

The day was 43 degrees and sunny, but the wind was gusting and was pretty strong. There was also a fair amount of snow pack that made it difficult to traverse a side hill which we needed to do. Unfortunately, we did not reach the summit of Rotary Peak, but we all had a great time with the hiking that we did get to do.

The picture, top left, is Roberta, then Kevin, top right. The path we needed to take, lower left, is along the snow-packed hillside we were on to get to Rotary Peak. The last is the Loveland pass summit sign, lower right.

This trip will be planned again so that more of us can view this amazing scenery and get a glimpse of Rotary Peak.

Why I'm A Rotarian

When I tell people about Rotary, I tell them all these... We're friendly, less procedural and formal, and most of all, we laugh and have fun. We're building a **sense of community**, no matter the size of the city in which you reside. I truly have a good time each week. I tell people I meet at Chamber events, how it's a great club, and filled with business owners and working professionals like us, just wanting to connect to like-minded people supporting a common cause.

Take from this what you will, but my biggest piece of advice is **the welcoming piece**. Rotary must find a way to bridge the generational gap, which means the younger generation must be willing to attend regular meetings and be active, and the older generations continue to be welcoming, and open to new ideas from the youngsters. Opening their table, sitting somewhere new, creating a welcoming environment."

Dietra Porter, Membership Chair, Longmont Twin Peaks Rotary Club

What Paul Harris Wrote

Now as the Rotary New Year begins, I wish you all of the prosperity which your good deeds merit.

May all things you ought to have be yours. May your charities rank among your necessary expenditures. May you not fall into the popular error of thinking that happiness is to be found in outdoing your neighbors. May it always be yours to look beneath the veneer of life to the solid substance which lies beneath. May you be builders, not mere climbers. May you be free to act in accordance with the dictates of your own conscience and good judgment. May you have vision to discern the right and health, strength and will to do it.

PAUL HARRIS, 1916

Westminster 7:10	39	\$4,000	2%	\$1.50	\$75.00	\$0.00	\$ 0.00	\$ 75.00

The Difference between Stumbling Blocks and Stepping Stones Is the Way You Use Them.

More Memory Stuff

Submitted by John Irons, Jr.

This 32 year-old hard drive weighs over 26 pounds and stores a massive 20 MB of data. The modern memory card on it is 23,000 times lighter and stores 3,200 times the amount of data.

On the internet, there are 1.2 Zetta-bytes (1.3 trillion gi-gabytes) of data. That amounts to 75 billion fully-loaded 16GB iPads. If you stacked them they'd reach 339 miles into the sky. That amount grew 62% in 2009 alone.

Between 2000 and 2012 the number of out-of-school children around the world has nearly halved, dropping from 100 million to 58 million.

In 1981, 52% of the world lived in 'absolute' pov-erty. By 2010 this number was down to 21%. 721 million fewer people live in extreme poverty.

If you had bought the computing power found inside an iPhone 5S in 1991, it would have cost you \$3.56 million.

The Four Way Test
Of the things we think, say, and do:

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it build goodwill and better friendships?
4. Will it be beneficial to all concerned?

The 7:10 Vision
The Westminster 7:10 Rotary Club is a vibrant group of Coloradans who join for Breakfast, enjoy lively Banter, and provide meaningful Service to communities throughout the world.
