Our program this morning, thanks to the foresight of **Mark Clark and President Lori**, was a highly informative field trip to the Washington Square campus of Future Forward. The Principal, Marvin Lewis, gave us a tour of the school. Future Forward is a school of career and technical education. Each student attends their regular high school then spends two hours a day learning a trade from fire fighting to crime fighting to welding and carpentry.

We closed the meeting right on time with a rousing Thank You to Mr. Lewis and his staff for a very meaningful tour.

Yours in Rotary Service,

Loren, 7:10 Missed the Meeting Editor
